1. INTRODUCTION

1.1. Objective and purpose

This document contains the description of the release version 1.3.0 of Core Standards and Specifications Vocabulary (CSSV).

The CAMSS Core Standards and Specifications Vocabulary is the first version of the vocabulary used for the information exchange regarding standards and specifications among software solutions. It is as well, a key element for the development of new release of ELIS, the EIRA Library of Interoperability Specifications.

1.2. Release date

This version of the CAMSS Core Standards and Specifications Vocabulary has been released the 29th of December 2023 in Joinup.

1.3. Description

The Core Standards and Specifications Vocabulary was released on the 29th of December 2023. The purpose of this solution is supporting the information exchange about standards and specifications amongst software solutions.

1.4. Terminology

Acronym	Description
CAMSS	Common Assessment Method for Standards and Specifications
CSSV	Core Standard and Specifications Vocabulary
EIF	European Interoperability Framework
ELIS	EIRA Library of Interoperability Specifications

Table 1: Acronyms
